ATTORNEY GENERAL
BILL SCHUETTE'S

Senior Brigade

Welcome to another new year! The [Farmers' Almanac](#) and [local meteorologists](#) predict a cold and snowy winter ahead. Throughout this edition, you will find tips that will help you navigate the winter months while staying **fit**, **healthy**, and **safe** during 2014.

Stay Fit!

- Get in two hours and thirty minutes of moderately intense activity per week;
- Add in muscle strengthening activities on two or more days; and
- If more than two hours of activity per week seems overwhelming, break it up into ten minute sessions.

Please consult your doctor before beginning any fitness regimen.

Stay Healthy!

- Be prepared for weather-related emergencies. Have an up-to-date emergency kit which includes a flashlight, [NOAA](#) weather radio, batteries, first aid kit, and extra medicine;
- Wear appropriate outdoor clothing and carry a cell phone;
- Sprinkle sand or cat litter on icy patches; and
- Protect your family from carbon monoxide.
 - * Store grills and generators out of the house, basement, and garage.

Stay Safe!

- Winterize your home - install weather stripping, insulation, and storm windows;
- Have your heating system checked professionally;
- Inspect and clean fireplaces and chimneys;
- Install smoke detectors;
- Get your car ready for cold weather; and
- When traveling, be aware of current and changing weather conditions.
